A bloody brutal beast in chains  
A short sharp shock ran through my veins  
As livid lightning loosed the chains  
I made my mind ignore those pains

A fatal fucking flaw for me  
For you unique utility  
A grisly gruesome guarantee  
There's clean cold killing  
Come and see

The enemy  
The enemy  
The enemy's inside of me  
The enemy  
The enemy  
The enemy's inside of me

An ill idiotic evening spent  
With nice neurotic nourishment  
A poor pathetic punishment  
For twaddling twits to heaven sent

The enemy  
The enemy  
The enemy's inside of me  
The enemy  
The enemy  
The enemy's inside of me

Just when you think  
This thing will end  
It jumps like the Devil  
Around the bend  
It fucks you up  
And knocks you down  
It makes you feel  
Like a goddamn clown

It takes you  
Breaks you  
Spurns you

Burns you  
Drills you  
Kills you  
Endlessly

It penetrates  
It fornicates  
Contaminates  
Relentlessly

The enemy  
The enemy  
The enemy's inside of me  
The enemy  
The enemy  
The enemy's inside of me
