I know a girl in a new blue dress  
Ready to meet a stranger  
With good intentions  
She's so tender with no corners at all  
She is one of nature's unique inventions

I know a girl waving goodbye  
I love a girl in motion

Someday's, the job I get tied up in knots  
I come home drunk and angry, so demanding  
She lay me down and squeeze it out  
Rub my head while I cry, so understanding  
Understanding

I know a girl with a tear in her eye  
I know a girl with a notion  
I know a girl waving goodbye  
I love a girl in motion

Guess it got to be too much taking care of me  
Guess it got to be too much, I guess it gotta be

I know a girl with a suitcase packed  
I love a girl with a train ticket  
Takin' her away from me  
Takin' her away

I know a girl with a tear in her eye  
I know a girl with a notion  
I know a girl waving goodbye  
I love a girl in motion

Girl in motion  
I know a girl  
Girl with emotion  
I know a girl

Girl in motion  
I know a girl  
Girl with a notion  
I love a girl
