As far as I can see  
I'm alive  
Trapped in my fragility

As far as I can see  
I'm alone  
Stuck again in my sensibility

And as far as I can see  
My appeal  
Didn't help to keep you here

As far as you can ever be  
Away from me  
L'll be haunted by the ghost in my mind

You and me in this dream together  
You promised me once it would last  
Forever

As far as I can feel  
I'm incomplete  
Thinking about destiny

As far as I can feel  
I'm afraid  
Caught by my most feared enemy

As far as I can feel  
The enemy is me  
But knowledge doesn't help to heal

As far as you ever want to be  
Away from me  
You're involved in all these memories

You and me in this dream together  
You promised me once it would last forever  
I always thought never say never  
Now it is clear to me that ever is never  
Does it sounds better?

It's over I guess  
I failed your test  
With this last cares  
You broke my bones of glass

It's over I guess
