She loves him
She loves him not
She loves him
She does
She doesn't

You're so passive
You're so aggressive
You stuck but you want to step inside

She loves you
She loves you not...

You're so sad
You're turning mad
You trust yet you feel it's just a lie

She loves you...

You're upset
You're feeling dead
You beg " please, at least give it a try"

One keaf for him
And one against
Let drop the one
And take the next

Now you're the strong
Her decision was wrong
She bleeds now put salt over the wound

You love her
You love her not...

Now she's on her knees
It's up to her to say please
Don't get weak keep her on the ground

You love her...

Yeah, now she weeps
In hope you sound the retreat
She pleads "please, don't let me down"

One leaf for her
And one against
Let drop the one
And take the next
