I don't live like you, I don't think like you do
Mother f*ck say I'm crazy
See I grew up in a hood where the cups tried to kill a

Ever since I was a baby
And I'm in top of all latin's gang bang niggas drippin

They try to brain wash new with a curricular highschool
I never let them foe play me
See old... I got a religious career, is the van gogh flow
Niggas let me you hear, ain't no rally for the feminist
The women are here, pull your... out, pull your... in fear
Probably see a nigga chillin' with the bone star
Use em like the old star in my ford car
And other words I only call em when I need him
Give me brains while I... in my...
That's what she told me she was... back daughter
Says she couldn't take... father
Get it off your chest... press harder,
I gave her a new name called princess...
Her dad the devil... made the man dingle like the way
The human body feel
Quick question: who ain't body skill?
If you don't buy my shit I bet the... will nigga.

[Chorus:]
