Commercial street leads to dead end
X marks the spot under ten bells
The atmosphere surrounds spitalfields
Throws silhouettes in the mind of those who live here

In the shadow of christ church you can hear

Next to hawksmoor, at number eighty-four
Stand outside the entrance and close the door
Kneel and kiss the footsteps of mary jane kelly
Angels were crying when the devil caught dark annie

In the shadow of christ church you can hear

Polly was the first, stride and eddowes had to follow
Fate chose them well, showed no sorrow
And the night he took over in... :NAMESPACE PREFIX =

The world forever changed in fall eighteen eighty-eight

In the shadow of christ church you can hear
And in the shadow of christ church you still can hear
Ten bells are ringing

Ten bells - hear them ring
Call them victims, call it sin
Cut your voice, relief is what I bring
Where you end is where I begin

Ten bells - hear them sing
Call them victims, call it sin
Cut your voice and play the strings
Where you end is where I begin
