Put your hands up on me
Come on, whine on me
Put your hands into mine
Keep me dancin'
Put your hands up on me
You should whine upon me
Put your hands into mine
Keep me dancin'

You can dance with me
You can whine on me
We can slip 'n' slide
Lose ourselves tonight

You can dance with me
You can whine on me
We can slip 'n' slide
Lose ourselves tonight

This ain't about no complications
I'm telling you straight
This is the situation
Now dress what you like
Won't you take a bite
Now leave it alone
I want you tonight
