"Remedy"

Visit "[Remedy](#)" on MotoLyrics.com

Heres to living long enough to be forgiven
For the bones I broke I had to make a living
And you won't back down from anything in search of a
remedy
No we won't back down from anything in search of a
remedy
(a living)

And you won't back down from anything in search of a
remedy
No we won't back down from anything in search of a
remedy
(x2)

Father put his foot down on on my games forever
So ___ stay calm and clever

And you won't back down from anything in search of a
remedy
No we won't back down from anything in search of a
remedy
(in search of a remedy)
