"Separate Blood From Waste"

Breathless, I stand here to kill
Oblivion waits on my command
Merciless, abandon your faith
You've reached the final descent

Blacken my soul
Forget the woes of peace
Suffocate me in your poison embrace

Vengeance I seek
Fall to your knees at the sight of me
Your eyes will bleed, but there's no sympathy
You can't be saved, I separate blood from waste

Will you survive this attack?
Can you erase this poison?
Lay down like a coward and wait
I recreate the pains of chaos

Betrayal reigns
Raise your head to be severed
Washed away by the fury of the tides

Vengeance I seek
Fall to your knees at the sight of me
Your eyes will bleed, but there's no sympathy
You can't be saved, I separate blood from waste

Ageless, impetuous love of conflict
Deception, jaded by the hopeless
How can I repress these memories?
Will they just fade away?
I will make you feel the sorrow I bear

Despair, desperate to let go
Chaos, it's what I have become
Do you remember what I swore to do?
I will not fade away
I will make you feel my agony
