My Brain's Down  
Take a piece of my strength  
Run on my endless breath  
So easy, catching my dream  
So easy, when I am like this  
Now, you got me  
Did I smash on the floor?  
Now my brain's down, my brain's down  
Just roll on a wave  
I don't care where I'll end up  
Like always  
It's not hard at all to get lost  
When I'm this sleepy  
It's not hard at all to let go  
Just stop try me  
It's not hard at all to fall for you  
Now, you got me  
Did I smash on the floor?  
Now my brain's down, my brain's down  
Just roll on a wave  
I see no limit  
When there's no frame  
Now my brain's down, my brain's down  
Then sometimes love feels right  
Sometimes just a pretty state of mind  
Sometimes a crashdown  
A fall to the ground  
Now my brain's down, my brain's down  
Just roll on a wave  
Gonna end up with a headache  
Like always
