I , I can't take things slowly  
Come let away, that's what they all do  
Help me cause I'm feeling shaky  
Tell me whats wrong with my brain  
Cause I seem to have lost it  
Cause I'm afraid of the light  
Yeah, you know what I mean,  
and I can't sleep alone at night  
Yeah tell me what's wrong with my brain  
Lonely, that's not quite my problem  
I have all I need , I haven't quite lost it  
I try so hard to be happy  
Cause something goes on once again  
Please, please come and save me  
Tell me what's wrong with my brain  
Cause I seem to have lost it  
Cause I'm afraid of the light  
Yeah, you know what I mean,  
and I can't sleep alone at night  
Yeah tell me what's wrong with my brain  
Cause I'm afraid of the light  
Yeah, you know what I mean,  
and I can't sleep alone at night  
Yeah tell me what's wrong with my brain
