walk walk walk me home
let me live my life on hold
crossroads where we're at
you go right i take left

walk walk walk me home
let me live my life on hold
crossroads where we're at
you go right i take-

half way down the cliff
no way up no way back
stuck in the middle i'm
stuck in the middle i'm

half way down the cliff
no way up no way back
stuck in the middle i'm
stuck in the middle i'm

jeopardize
paralyzed
shut you mouth
analyse
what's the prize? what's the prize?
guide has died, guide has died

both ways open jaws
wating for me to drop off
both ways open jaws
in a second i let go

talk talk talk me not
got my brain standby mode
left half right half
none is responding

slippery slippery slippery slippery slope
slippery slippery slippery slippery slope
slippery slippery slippery slippery slope
slippery slippery slippery slippery slope

goldfish in a bowl
got my brain full of holes
left half right half
no one's in charge here

goldfish in a bowl
got my hands covered in
blood and i cannot
stop this haemorrhage

goldfish in a bowl
got my hands covered in
blood and i cannot
stop this haemorrhage

jeopardize
paralyzed
shut you mouth
analyse
what's the prize? what's the prize?
guide has died, guide has died

guide has died, deid sah ediug
guide has died, deid sah ediug

slippery slippery slippery slippery slope
slippery slippery slippery slippery slope
slippery slippery slippery slippery
slippery slippery slippery slippery
slippery slippery slippery slippery
slippery slippery slippery slippery
slippery slippery slippery slippery slope
