No one knows who we are
No one came quite this far
Hold my hand as we start
Hear the sounds with your heart

You're coming with me
You're coming with me
To believe in forever and after
You're coming with me
You're coming with me
Let's believe in laughter

We're dancing thru the stars
Dancing thru them all
We're dancing thru the stars
Feel my beating heart

Vanish into this dream
It's surreal can you feel
All our love come as one
For this time we are gone

You're coming with me
You're coming with me
To believe in forever and after
You're coming with me
You're coming with me
Let's believe in laughter

We're dancing thru the stars
Dancing thru them all
We're dancing thru the stars
Feel my beating heart
Yes, we're dancing thru the stars
Yes, we're dancing thru them all
Yes, we're dancing thru the stars
Feel my beating heart

You're coming with me
You're coming with me
To believe in forever and after
You're coming with me

You're coming with me
Let's believe in laughter

We're dancing thru the stars
Dancing thru them all
We're dancing thru the stars
Feel my beating heart
