People say that I've got no direction  
That I can see the ocean from the shore  
I don't agree with their misplaced devotion  
Gotta work it out, work it out  
Cause this life is too short

Let your troubles wash away, let your troubles wash  
away  
Stop chasing the waves, you can't catch them  
Let your troubles wash away, let your troubles wash  
away  
Stop chasing the waves, you can't catch them

Try to take it slow cause you won't last forever  
Don't fill your time, it just slips away  
You'll never earn what you're after  
You gotta wind it back, wind it back  
Before it's too late to change

Let your troubles wash away, let your troubles wash  
away  
Stop chasing the waves, you can't catch them  
Let your troubles wash away, let your troubles wash  
away  
Stop chasing the waves, you can't catch them

Live for the moment, got nothing to lose  
Nowhere temptations, nothing to prove to you, ooh  
No regrets, gotta look ahead  
Too imperfect (?), don't listen to the voice inside your  
head

Let your troubles wash away, let your troubles wash  
away  
Stop chasing the waves, you can't catch them  
Let your troubles wash away, let your troubles wash  
away  
Stop chasing the waves, you can't catch them

Let your troubles wash away, let your troubles wash  
away

Let your troubles wash away, let your troubles wash  
away  
Let your troubles wash away, let your troubles wash  
away
