Business cards from her attorney  
Got probation cause the parents paid the money  
Six months rehab, but she's back at it  
Reflexion stare at it, but she can't look at it!  
whipped  
out the debit card,  
owe-ing  
For student loans, they call her phone, but she don't  
sweat it!  
Cocaine on counter tops, separate in lines  
Every time she do it, she says this her last time  
Chasing that high from the very first time  
Back in her dorm room in 2009  
Never thought this relationship would come this far  
Rolled singles in her nose,  
I'm blade sniffing hard!  
In night club stalls her and her friends sniff it all  
Never sleep in random dude's apartments, missed  
calls  
I'm replying texts (texas?) from her boyfriend  
Feeling like any second the world can end  
And when it freeze her, it make her pussy wet  
Face rushing, going numb, nipple hard on them  
breasts  
Sniffing 'till it drip, back of the class,  
blood running down her lips!
