I know it's getting late I hear the nission bells  
Parting is bittersweet but this is not farewell  
As I give you one last kiss just remember this  
We'll meet again senorita I won't forget lying here in  
your arms  
You make it so hard to leave ya Hasta Luego my love

We knew the time would come we'd have to say  
goodbye  
I'll hold you in my dreams each and every night  
I know as I walk away my heart will say  
We'll meet again senorita...  
[ guitar ]  
I will miss you mi amor yo te quiero  
We'll meet again senorita...  
La la la la la la Hasta Luego my love la la la la la la  
Hasta Luego my love  
La la la la la la Hasta Luego my love la la la la la la  
Hasta Luego my love
