David Gelman
"I Get High"

I get high....

Things go by in the blink of an eye
That hold all the best that there is
I'll keep my eyes wide and I'll go for the ride
I'll inhale every moment I live
I won't miss what the day has to give

I get high....

Don't have to be shown, I know on my own

Don't need to be told what to see
There's a space in the middle of empty and full
And that's where I go to breathe
It holds all the air that I need

Those wasted days are behind me now
And the lost years I spent killing time
I threw the past away somehow, yes I did
But the present is mine, all mine

I get high....
