As I look back on my life
And all the roads where I've been
Somehow it has become clear
They all brought me here

And now you entered my life
And changed my map of the world
I know that you're gonna find
I'll be there for you every time

Close your eyes and I'm there if you need me
Hear my voice in your head, hear my song

You're the one that inspires the sound
I'll always be around

I want to show you the things
It took me a lifetime to learn
I will surely guide you along
When you step out on your own

Close your eyes and I'm there if you need me
Hear my voice in your head, hear my song
You're the one that inspires the sound
I'll always be around
