A long time ago, there was a girl
Born into a life beyond her control
Her world was dark, no light to guide her way
She was just born into the fray

The road you were on, was narrow and straight
The past would surely define your fate
But you were strong, and through time
Slowly began to make your climb

So open your heart
Just let it go now
Open our heart
Just let it flow now
If you let me in
And let love begin
And if you do
You'll find that I will always be there for you

Our souls have touched, for just a trace

A few gentle moments like a warm embrace
But I can tell you, what I feel is strong
And since we met I've known it all along

So open your heart
Just let it go now
Open our heart
Just let it flow now
If you let me in
And let love begin
And if you do
You'll find that I will always be there for you

The sky may be cloudy
But a trace of light shines through

So if you let me in
And let love begin
You'll find it's true
That I'll always be there for you
