Maybe I'm right, but I can be wrong
On how it all went down
You were lost in the shadows, behind your walls
You couldn't hear a sound

And I guess I will never know
Why you had to go
The sky has turned indigo
Since you drifted away
In the undertow

Well time moves on, I have no choice
All alone each day

As I sit in, all the could of beens
I guess I'll just find my way

And I may I never know
Why you had to go
The sky has turned indigo
Since you drifted away
In the undertow

And I guess I will never know
Why you had to go
The sky has turned indigo
Since you drifted away
In the undertow
