Oh outside the sun shines down  
Oh on the green grass on the ground

But inside is where the dog will stay  
All his life and all his days

Afraid to look out and see  
Afraid of what it will be

What does he think he'll see  
Now what does he think he'll see

oooooh

And the dog cri ayie ayie ayies  
The big sky's falling, falling in.

And I know I will see  
The big sky falling in on me

Is it a sin woo awoo awoo  
When the big sky's falling, falling in

I'll hide in here, hide in fear  
I'll just hid in here now hid in fear

oooooh

Why can't he see the sun shine in  
Can't he see the lifeless places he's in

Doesn't believe in what he could be  
Doesn't believe he could survive if his mind were free

Afraid to look out and see  
Afraid of what it will be

What does he think he'll see  
Now what does he think he'll see

oooooh

And the dog cri ayie ayie ayies  
The big sky's falling, falling in.

And I know I will see

The big sky falling in on me

Is it a sin woo awoo awoo  
When the big sky's falling, falling in

I'll hide in here, hide in fear  
I'll just hid in here now hid in fear

oooooh

(Solo break)

Got your life to live let the dog out  
You got to believe you can live with out

Don't you know he's eating you away  
And as he feeds you'll fade away.

Afraid to look out and see  
Afraid of what it will be

What does he think he'll see  
Now what does he think he'll see

oooooh

And the dog cri ayie ayie ayies  
The big sky's falling, falling in.

And I know I will see  
The big sky falling in on me

Is it a sin woo awoo awoo  
When the big sky's falling, falling in

I'll hide in here, hide in fear  
I'll just hid in here now hid in fear

I'll hide in here, hide in fear  
I'll just hid in here now hid in fear

I'll hide in here, hide in fear  
I just hid in here now hid in fear
