It's Dean Raven, yeah!  
Girl, give me your hand,  
And let me be your guide!  
Just do it on time  
And I'll make sure you're all right!  
See the wind and rain don't feel the same  
Without you in my life  
If you open your eyes you will realize,  
That what we got is right!  
See, there's no way I can't live without you, love!  
See, there's no way I can ever give you up!

Chorus:  
We can be amazing, but I need you...  
We could be together, see girl you need to know  
I will love you till the end, and these words I'm saying  
are true  
We can be forever, if you let me love you!

Girl, give me your heart, and I'll prove we're meant to  
be  
See I will love you right and make you so happy!  
See, I can't sleep now  
Without you by my side I feel so alone  
Ooh, girl can't you see that you and me is how it's  
meant to go!  
See, there's no way I can't live without you, love!  
See, there's no way I can ever give you up!

Chorus:  
We can be amazing, but I need you...  
We could be together, see girl you need to know  
I will love you till the end, and these words I'm saying  
are true  
We can be forever, if you let me love you!

Send me love, girl  
And I'll love you girl!  
Won't you let me love you?

Chorus:

We can be amazing, but I need you...  
We could be together, see girl you need to know  
I will love you till the end, and these words I'm saying  
are true  
We can be forever, if you let me love you!
