Dropped in seclusion
The eye of the storm
The art of deception
Influence inform
It's empty, consuming
Wish I could forestall the morning I become betrayer of
them all

Deceive and infiltrate
Confuse control their fate

A pattern developed
I've learned to perform
A good little liar
False feelings on show
It's so disembodied the crackling voice
Making it known that I have no choice

Deceive and infiltrate
Confuse control their fate
Deceive and infiltrate

It's the curse of the Unknown Soldier
But it's all that I've come to know
I am the Sleeper trapped in this cell that haunts me

It's the curse of the Unknown Soldier
But it's all that I've come to know
I am the Sleeper trapped in this cell that haunts me
(That haunts me)

It's unforgivable
It's so dismal
The only life I will ever know
Draws to a close

It's the curse of the Unknown Soldier
But it's all that I've come to know
I am the Sleeper trapped in this cell that haunts me

It's the curse of the Unknown Soldier

But it's all that I've come to know
I am the Sleeper trapped in this cell that haunts me
(That haunts me)
