I'm fighting a war that I did not choose
I'm hosting the blame when my ego's bruised
I'm pointing the gun towards my own best friend
I'll carry your heart till the bitter end

Now you own a lifetime
Of woes, but they ain't mine

You know I love you so,
Even though I can't get you now
You know I love you so,
Forgetting all of my tries
You know I left you lonely
You always leave me with doubt
You know I love you so,
And so, and so, and so, and so

I'm falling apart at my every seam
I'm chasing my tail whilst you chase your dream
Inhaling the stench of my love's betrayal
Keep ignoring the signs darling you'll prevail

Cause you own a lifetime
Of woes, but they ain't mine
And you sold my lifeline

So I'm blue when the bell chimes

You know I love you so,
Even though I can't get you now
You know I love you so,
Forgetting all of my tries
You know I left you lonely
You always leave me with doubt
You know I love you so,
And so, and so, and so, and so

Do you know I love you so
In my heart that's when you're home
I know you leave me lonely
I know you leave me lost
Still my heart goes

Like so and so and so

You know I love you so,
Even though I can't get you now
You know I love you so,
Forgetting all of my tries
You know I left you lonely
You always leave me with doubt
You know I love you so,
And so, and so, and so, and so

You know I love you so,
Even though I can't get you now
You know I love you so,
Forgetting all of my tries
You know I left you lonely
You always leave me with doubt
You know I love you so,
And so, and so, and so, and so
