Today I heard my favorite song on the radio
I close my eyes and saw our first hello
And then I saw the time we fell in love
In each others' arms

I open my eyes and you were gone

Suddenly I realized how I love you so
And how I get surprised without your love
Since the time we said goodbye
It's hard to make you stay
How I wish you'd never go away

[CHORUS:]

Don't say goodbye
It's hard to let you go
Tomorrow seems so far away for me to know
If you and I will always be in love forevermore
Just leave me with the memories
All alone
All alone

Today I read your letters
And waited for your call

I wondered if you think of me at all
And then I turn the radio on
And heard our fav'rite song
Then I knew you'll soon be coming home

[CHORUS:]

Don't say goodbye
It's hard to let you go
Tomorrow seems so far away for me to know
If you and I will always be in love forevermore
Just leave me with the memories
All alone

Don't say goodbye
It's hard to let you go
Tomorrow seems so far away for me to know

If you and I will always be In love forevermore
Just leave me with the memories
All alone
All alone
