"Greatest Gift Of All"

I am amazed i never thought we'd go this far
From casual talks and friendly ways
To findin' out we're in love
Love works in mysterious ways girls
Neither have i thought we belong
Am i really deserving of your love?
CHORUS:
We've got the greatest, the greatest gift of all
Us and our true love ohhh...
We've got the greatest, the greatest gift of all
Us and our true love
The greatest gift of all
And i wanna love you with all my heart and soul
Coz nothin can compare
To the love we have found
I feel it deep inside you'll always be the only one for me
I see the beauty of love
In everything we do
If i ever lose you in my life oh baby
I wonder would i survive?
Would i find another you?
It's nice to know we're getting all along
We're so intertwined
The chemistry and harmony is here in our ways.
(repeat chorus 3x
)
