I can sense what you've been thinking  
You wanna know if what I feel  
Is undoubtedly the real thing  
Does your touch give me chills  
If you think I have no interest  
In the things you say and do  
Baby if you close this distance  
I'm gonna prove to you that'

I'm ready' ready' ready'boy oh wanna play (?)  
Baby come in' cause I got something I wanna say to  
you (?)  
Gonna tell you whatcha wanna hear boy  
And its oh so true

Ohhh  
Do I like the way you're kissin me.  
I Do..Yes I Do  
Do I think about the birds and the bees  
You know I Do  
Cause there ain't no ifs or maybes  
Do I wanna be your baby  
Yes I do, I do , I do

You wanna know  
Do I like the way you complement my style  
Yes I Do  
Do I like the way your jokes can make me smile  
You know I Do  
Been thinking bout it lately  
And I wanna be your baby  
Yes I do, I do, I do

I can see you got some issues  
You're afraid to let love start  
Many pieces of this puzzle  
Are missin from your heart  
I can heal the pain your feelin  
I can fix the things you fear  
Seems too obvious to mention  
That you're the reason that I'm here..  
Yeah' Yeah'

I'm ready' ready' ready' boy oh wanna play (?)  
Baby come in'cause I got something I wanna say to  
you(?)  
Gonna tell you whatcha wanna hear boy  
And its oh so true  
(Do I Like..)Do I like the way you're kissin me.  
I Do..Yes I Do  
Do I think about the birds and the bees  
Ohhh You know I Do  
Cause there ain't no ifs or maybes  
I wanna be your baby  
Yes I do, I do , I do

(Do I..) Do I like the way you complement my style  
Yes I Do  
Do I like the way your jokes can make me smile  
You know I Do  
Been thinking bout it lately  
And I wanna be your baby  
Yes I do, I do, I do

We could melt into the sun  
Water colors start to run  
We'll lie between the blue and green  
Maybe love changes everything  
Tears won't wash away the hurt  
Runnin from it doesn't work  
Cause love changes everything,  
Everything, everything' Everything

Do I like the way you're kissin me.  
I Do..Yes I Do  
Do I think about the birds and the bees  
You know I Do  
Cause there ain't no ifs or maybes  
Do I wanna be your baby  
Yes I do (I do), Yes I do (I do) , Yes I do (I do)

Do I like the way you complement my style  
Yes I Do  
Do I like the way your jokes can make me smile  
You know I Do  
Been thinking bout it lately (Thinkin' bout it)  
And I wanna be your baby  
Yes I do, I do, I do

(I really really really do)  
x3
