Jealous of the girl who caught your eye  
One of my darker days  
When you looked at her where was I?  
Shoulda been in her place, here I am  
All alone imagining what could have been  
If I had been there

Jealous of the one whose arms are around you  
If she's keeping you satisfied  
Jealous of the one who finally found you  
Made your sun and your stars collide

La la la la la la la  
She's a very, very lucky girl  
La la la la la la la

Jealous of the one who won your heart  
They say it's a perfect match  
She's gonna get to be where you are  
And I don't get better than that

She'll say you're fine  
Whisper words I wish were mine  
And they might have been  
If I had been there

Jealous of the one whose arms are around you

If she's keeping you satisfied  
Jealous of the one who finally found you  
Made your sun and your stars collide

La la la la la la la  
She's a very, very lucky girl  
La la la la la la la

You know I'd fight the good fight  
If I thought I'd change your mind  
But if she makes you happy  
I would leave that dream behind

Man, she better treat you right

And give you everything  
'Cause at the moment she doesn't  
I'll be waiting in the wings

Jealous of the one whose arms are around you  
If she's keeping you satisfied  
Jealous of the one who finally found you  
Made your sun and your stars collide

La la la la la la  
She's a very, very lucky girl  
La la la la la la

La la la la la la  
She's a very, very lucky girl
