I've never been so sure
About anything before
But this loving feeling
Gonna be a feeling I feel forever more

Looking in your eyes
Tomorrow's all I see
Long as there's forever, baby
I will always be

Saving forever for you, oh oh oh
You are the only one
I'll ever give forever to
Love for a lifetime won't do, oh oh oh
Wanna always stay together
So I'm saving forever for you
You'll be my world
As long as there's a world turning 'round
And you'll be my heaven
Baby, till the heavens all come falling down

Look inside my heart [Oh, yeah]
Love is all you'll see
Loving you forever,
Living just to be

Saving forever for you, oh oh oh
You are the only one
I'll ever give forever to
Love for a lifetime won't do, oh oh oh
Wanna always stay together
So I'm saving forever for you

Forever I'll be loving you
Long as time passes by
I'll be there beside you, ho
Through it all, I'll be standing by you

Saving forever for you, oh oh oh
You are the only one
