When I think about the time

I believe I knew the ways of love

All the chances that I took

I thought I knew it all

Even when I wonder how

I made it through it all

I know I do it all over again

Chorus

Stay with me

You & I would always be

Close to each other

Stay with me

Loving you is so easy

Please wont you stay with me

When I look into your eyes

I don't need to hear the words I love

I can feel it in my heart

You have a way with me

& I feel so good each time

I hear you say to me

Living each day with me

Is all that you need

Chorus

Stay with me

You & I would always be

Close to each other

Stay with me

Loving you is so easy

I want you always

Bridge:

Stay with me

Everyday with me

Stay with me

Stay...

(Instrumental)

(Repeat bridge -except last word)

(Repeat Chorus)

Coda:

Stay, forever & ever

Forever & ever

Outro:

Stay with me

Loving you is so easy

Please wont you stay with me.
