Boy, let me show you what I have for this, listen closely
Boy, you don't have to be afraid, so just take beside
me

Now what I feel inside I just know it's something right
And now that I have you boy, let's talk until the day
turns night

Come here to me boy, come and talk to me
Baby we can take a ride and find a place where we can
hide

Talk to me and make me feel (Make me feel)
That I'm the one and I'm for real (I'm the one)
This is something so extreme
Boy you make me wanna scream

Boy, when the sun is up you know the stars will shine
Boy, come and talk until I say that you're mine
We don't have to be so serious
Lay back, relax, let's enjoy everything that we have now

Come here to me boy, come and talk to me
I will be your guide, I'll set your mind free

Talk to me and make me feel (Make me feel)
That I'm the one and I'm for real (I'm the one)
This is something so extreme
Boy you make me wanna scream

You don't have to look any further, boy
I'm here for you
Talk to me
I'm like no other

Talk to me boy anytime (Anytime baby)
And I make sure you'll be just fine (You'll be just fine)
Come here to me, let me be the one
Just talk to me baby baby baby baby

Talk to me and make me feel (Make me feel)
That I'm the one and I'm for real (I'm the one)

This is something so extreme
Boy you make me wanna scream

Ooh, hey yeah
Talk to me baby
You know you wanna talk
You know you wanna talk

Talk to me and make me feel (Make me feel)
That I'm the one and I'm for real (I'm the one)
This is something so extreme
Boy you make me wanna scream

You make me wanna
You make me wanna scream
