Say it ain't so joe here we go so  
Writing words that'll flow drop another verse til I'm old  
Hit 'em with a fat groove make 'em jump back  
Ain't givin' in 'cause we cut 'em no slack  
'Cause the reason that we're here  
Is to open up your ears  
Make you face all of your fears through the years  
Gonna let you know what we're all about  
Gonna make you jump up, gonna make you scream  
and shout  
But not yet cuz it's not time  
So let me finish up this little rhyme  
Cool, funk flow here we go step aside  
Cause we got something to do here tonight  
We've spent a lot of time, not knowing what we're  
missing  
Picking up the pieces of a broken heart wishing  
That we could be moving on up  
To the best side, that's the heavens in the sky

### Chorus

I just wanna go  
Jah will take me home  
I just want to show this love that you should know

Just waking up to a new day Got to step to the mirror  
'cause I want to look the right way  
Step back to the Word see what it has to say  
Before I face another day  
Ephesians 6: 10-20 talks about putting on armor  
You gotta wear it cuz the devil, he will harm you  
So everybody take it to another level  
Get 'em up and stomp the devil

Bringing it back to the way love's supposed to be  
We give you this song so you can clearly see  
That your problems can be solved if you put your trust  
in Him  
His oceanic love can take away your sin  
So listen up Jah people if you wanna take the ride

You gotta feel the love, you gotta catch the vibe  
A love that's never changing is what we came here to  
show  
We're here to tell you all about a love that you should  
know
