LADY DOLL is the most precious girl in the world
she never speaks , she wants nothing
she is always there for me standing by me
and even better on me, if you know what i mean
yeah, she is always ready for me
so lets go and sing that song all together for Lady Doll

Come on lady lady , come on lady LADY DOLL
Come on lady lady , lady doll LADY DOLL

She is plastic , erotic, she is perfect and fantastic
I like her , I love her, I wanna do it with her

all the time, i like to get wild
and she never, never, never, never, never
never ever says no , so come on

Come on lady lady , come on lady LADY DOLL
Come on lady lady , Lady Doll , LADY DOLL

Are you ready? take Lady Doll and
push her up and down , up and down
push her up and down, down , down!

Come on lady lady , come on lady LADY DOLL
Come on lady lady , Lady Doll LADY DOLL
