there's only one

shut up
dont beg
dont fiend
you leach

just look me in the eyes
tell me what you want
favoring the night
why wont you ask me now
try to take it all
you wont get what you want
killing it away
once again

shut up
dont beg
dont feind

you leach

let it go
leave me alone
no more
drop it
leave

throw your ass out, why'd you come to see me
get the fuck away, always tryin to use me
bitch, you leach
go on, get mad, no one will walk on me
get lost, hate me, talk some shit on me
leach, you feind
i wont give in, now your lying, you fake beggar, stop
your trying
lie, never give in

all these faces always asking,
drop it right now, stand strong,
never give in
