Said no
whats your name
wont let this return again
I said no
whats your name
wont let this return again

leaving it out
leave it alone
x2

cause your trailing
falling behind
your lost
look up at me with your head on strong

lost
your ruining x2
so get the fuck up
living this
you can survive

bleeding through
its unforgiving

final peak
you will not die
with your bloodshot eyes
this will not fucking stop
x2
loving your catastrophe
killing whats inside of me
loving your catastrophe
killing what is left of me
you've made this for yourself
so you'll love your catastrophe
live inside your own failure
and take it for a ride
(ride mother fucker ride)

so love your hate
love your hate

loving your catastrophe
