Let me feel your skin
Let me smell your mouth
I wanna touch your senses
I wanna see your heart inside

It's a dream your love is not enough
1, 2, 3, let's get out and fuck

Open your eyes and soul
Open your heart and feel
It's the same the love is fuck
It's a dream, stupid just fuck
It's a dream your love is not enough
1, 2, 3, let's get out and fuck

It's only suffer
It's for only suckers

It's a dream your love is not enough
1, 2, 3, let's get out and fuck

It's only suffer
It's for only suckers

It's a dream your love is not enough
1, 2, 3, let's get out and fuck

It's only suffer
It's for only suckers
I don't want the love anymore
I just feel you inside
