"I See You Praying"

My blood is burning
I have longing to kill
Scatter cos' the demons coming out
That you avoid, that you avoid in your life
That you avoid the demons coming out
Hey see! what you feel inside
In my legs I only feel the crime
Hey come! and spit my face
Cos'I don?t know what is in the hell

That you avoid, that you avoid in your life
That you avoid the demons coming out
Hey! see what you feel inside
In my legs I only feel the crime

Hey! come and spit my face
Cos'I don?t know what is in the hell

Nobody feels me in my madness, nobody
Agony is killing me, just falling

My faith now is lost
My body is the worst

Between demons without god
Nobody tells me what I want
Only your sins make me the one
Only your wisdom gives me knowledge
My faith now is lost
My body is the worst
