Did you know  
That no matter what state I'm in  
It always puts a smile on my face  
It doesn't matter how long it's been  
There are thoughts you don't want to erase  
No need to put them all in a frame  
To keep them safe

You're the best kept secret that I ever had  
Whatever you do  
Wherever you are  
You're the best kept secret that I ever had  
Keeping you close to my heart  
And if I never should see you again  
I swear I'll always remember everything

Just one look  
Just one word, it was all it took  
We were lost and still from time to time  
I think about it and still I'm shook  
By the thought  
You were hot  
Anyways, no need to put them all in a frame  
To keep them safe

You're the best kept secret that I ever had  
Whatever you do  
Wherever you are  
You're the best kept secret that I ever had  
Keeping you close to my heart  
And if I never should see you again  
I swear I'll always remember

We keep making them day after day  
Everything that we say  
Turns into a war  
We keep locking them up in our drawers  
Before every new start

Keeping you close to my heart  
And if I never should see you again

I swear I'll always remember  
How of all of all of the memories I ever made  
You are my favourite by far  
You're the best kept secret I ever had  
Keeping you close to my heart

Yes, you're the best kept secret that I ever had  
Whatever you do  
Wherever you are  
And if I never should see you again  
I swear I'll always remember everything
