Out of my body  
And out of my mind  
We'll have to suffer a while  
It was so sweet before  
But I blew it some more  
And now I'm back on the down low

The best that I can do  
You got your point of view  
I got one too

I don't wanna be alone with you  
The walls are thin and it might bleed through  
You're sucking me in like you used to do  
You don't believe me but it's true  
Well I don't wanna be alone

A needle and thread  
I need a kick in the head  
There's no excuse for this mess  
'Cause I knew the drill  
Yeah, I knew the dry  
And that's exactly what

I am that made it bat  
But when I turn my back  
Your heart attacks

I don't wanna be alone with you  
The walls are thin and it might bleed through  
You're sucking me in like you used to do  
You don't believe me but it's true  
Well I don't wanna be alone

And every gets to know you  
But I can  
Always getting closer to you  
And I can  
Right until the bitter end  
You know I still believed that we might be friends  
Yeah right

As far as I know  
This is as far as it goes  
God, I really hope so  
I'll stick to the limelight  
Flies in the night  
But I'll be eaten alive

By the time the morning comes  
I'm hanging by my thumbs  
I must be dumb

I don't wanna be alone with you  
The walls are thin and it might bleed through  
You're sucking me in like you used to do  
You don't believe me but it's true  
Well I don't wanna be alone

Alone with you
