And it feels like a movie
'cause I've done something heavy
And now I'm all alone
And you know I like it
Well I wish I was older
I could hold my liquor
And then I'd blow your cover
Instead of my own
'cause there's nothing I can do
To prove that I still love you
And I think I hear my friends through the walls
I'm gonna fade to black
I think I'm gonna fade to black
And I swear to God I'd take it back
But it's just no use what's done is done
I can't blame anyone but me
Everybody's out there without me
They're not even talking about me
Flying out of the city
And they don't even miss me
But there's nothing I can do
To prove that I still love you
And I think I hear my friends through the walls
I'm gonna fade to black
I think I'm gonna fade to black
And I swear to God I'd take it back
But it's just no use what's done is done
I can't blame anyone but me
Four days in the haze
Of the biggest mistake I've ever made
And now I've got to get out of this place
'cause everybody knows even the ones who don't
Fade to black
I'm gonna fade to black
I'd take it back
But it's just no use what's done is done
I can't blame anyone but me
But me
I'm gonna fade to black
