Destructive, exciting and I can't let go  
Inciting a riot on my radio  
I'm going, I'm gone, even though I know it's wrong  
He's a Saturday night and Sunday morning rolled into  
one  
With a dirty smile that could shame the sun

I'm gonna hang myself on someone else, use just  
enough rope  
I know he's bad news but I can't say no  
If bitter is sweet then he's just what I need  
So kiss me till it bleeds

I'm stupid, a sucker, he's a loaded gun  
A lover, a leaver, just a hit and run  
When our worlds collide breathe deep and hold on  
tight  
Cause he's so rock and roll, I'm a tortured soul with him  
in my bones  
And he leaves me shattered like a rolling stone

I'm gonna hang myself on someone else, use just  
enough rope  
I know he's bad news but I can't say no  
If bitter is sweet then he's just what I need  
So kiss me till it bleeds

So what do you do now  
You know he's gonna take you down  
But you're addicted to the sound  
So you'll hang around

I'm going, I'm gone even though I know it's wrong  
He's a Saturday night and Sunday morning rolled into  
one  
With a dirty smile that could shame the sun

I'm gonna hang myself on someone else, use just  
enough rope  
I know he's bad news but I can't say no  
If bitter is sweet then he's just what I need  
So kiss me till it bleeds

I'm gonna hang myself on someone else, use just  
enough rope  
I know he's bad news but I can't say no  
If bitter is sweet then he's just what I need  
So kiss me till it bleeds

Just kiss me till it bleeds
