Um sã³ coraÃ§Ã£o, um sã³ pensamento  
SubirÃi atÃ© vÃs  
Um sã³ coraÃ§Ã£o, um sã³ pensamento  
E todas as dores se acalmarÃo  
I ain't got no fucking friends  
Trusting these niggas? You better pissing in the wind  
Keep opening your circle so big you'll never win  
Especially getting in and they begin to pretend  
Like they in to the end, they grin being jealous a sin  
That's why I ride alone  
I'm in the highest zone  
Cause I don't need a shoulder  
I need a microphone  
I'm getting high alone  
Would spend my nights alone  
I ride to die and whip that bitch until the tire's gone  
Can't even pimp it in my kicks don't even try them on  
You would diminish in the instances that I have grown  
Inside my mind it's like a firestorm  
To cross my boundaries get fired on  
You know your rights and wrongs  
Peace to my fam, it's O.F until the planet blows  
I'm so loyal I can't even understand it yo  
Even though they every where I go  
I'm still feeling like I stand alone  
I feel so damn alone  
In front of a couple thousand kids that I never seen  
To see them nod they heads is a fucking dream  
And even though everything is still everything  
I steadily feel like it ain't really what it fucking seems  
The game is just a bunch of pretty walls  
After initial; now the cheating niggas begin to see his  
flaws  
I see within my friends the drama that this shit can  
cause  
And that's not the reason we got into this shit at all  
We're all alone seeing the power of this platform  
Trying to get a little shine off of these rap songs  
That's just how it goes  
It doesn't last long  
If we can stay tight we got it to fall back on  
Our journeys are all different

Bunch of different plans, but we share the same vision  
See it ass you see it, I don't pay it attention  
I'm advancing my position feeling like a solo mission  
Ain't nobody handing me shit I got my own  
O.F is the fam and that's it we stand alone  
Even though my camp is legit I feel alone
