I must have coughed my damn lungs out  
Still smoking everyday nigga, cause I'm strung out  
Fly the fuck out, this what all the fuss bout  
Niggas got dumb clout and we took the fun route  
Lounging niggas despising every move  
But the wolves is out and everything is looking edible  
With easing all of the pussy up on the pedestal  
Send em back woozy from smoking all of the medical  
Peeping in my rear view I'm just so far ahead of you  
It's looking like the future from all the raps that I'm  
telling you  
Raps like crack It's like my situation federal, I'm telling  
you  
Sick need a whole gallon of Theraflu  
Cliche, yeah, but the bitches think it's susceptible  
They tell me Domo ain't no real niggas left except for  
you  
You kill it every single time you get a chance to  
And I reply, Ain't that the damn truth

[Hook x2]

All of this money and all of these hoes  
All of these bright lights and all of these shows  
All of these wild nights, life on the road  
Is all the shit I was dreaming before so lets smoke

On a high end hiatus I went retail ridiculous

Bought to get a grill, so I can act mad niggerish  
Six Hundred for a belt, still sag all ignorant  
Bitch I'm from OddFuture obvious I don't give a shit  
Young niggas gettin it  
Make sure you hearing me  
Trying to get paid, banks stupider then Hilary  
And all these hating niggas talking down be killin me  
I promise to never be lame as the niggas dissin me  
Same nigga I just handle biz a lil differently  
Outdo who? I run shit little nigga please  
Compare to my averages you Little League  
Kicking brag raps at least gotta have a little cheese  
I'm fenna be the most outspoken  
Hey your favorite nigga out, I'm so focused

But in the meantime I'm a chill in? and be the very best  
thing smoking,  
Closin

[Hook]

(Tyler, The Creator)  
Yeah nigga Odd Future Wolf Gang nigga  
Yeah dog I ain't got that mean today  
I'm too high for this shit  
Domo Genesis, Under the Influence

I Don't know I'm too high for this shit dog, I ain't really  
got it in me,  
No Homo
