It's heavy as Heaven
I'm working like 7-11
And my thoughts getting hectic, in need of a blunt and
excedrin
Niggas gon' hate but it's only nature so fuck it I let 'em
Shit, I'm just focused on the goal cause' I know where
I'm headed
If I could help it, I'mma die a legend
Live a wild life, die hard, and let my children tell it
Shit, I'm closer to my dreams, bruh, I can even smell it
So close sometimes I even notice that my friends are
jealous
Whoever knew it'd be this hard
breaking in on this rap shit
Left college to try to feed momma so I can't quit
In the midst of these niggas just flakin' like they
dandruff
I'm a real nigga, break again and check my stance
bitch
Pinky ring blingin'
I got the juice now
Ball in my court so sport's playin' the truth now
Let a nigga loose, now you fools sayin' he too wild
I'm a new child who turn booths into Nuketown
This is prophecy nigga
You determine what your future holds
So get up off that bullshit you niggas on, make a husle,
get this dough
I knew ten years ago this nigga's flow was meant to
blow
Now I'm in my zone and you niggas slow, I'm shiftin' go
I'm never lookin' back, in fact I'm driftin' on a different
road
Still stickin' to the script, you niggas will never get my
soul
I don't make records for radio play, nigga no
But still the inspiration for niggas who ever lived it bro
You can make it nigga, just get your mind right
And get your grind tight and attack whenever the
time's right
Even non-patients still blinded by the limelight
Waitin' for the moments I been hopin' like my whole life

I'm ridin' nigga, 'til the world ends
With a gang of kush and my favorite girlfriend
Days are seemin' like I'm caught up in a whirlwind
I'm puttin' work in and I ain't even catch my first win
Be not afraid of greatness
Some men are born great, some achieve greatness
And others have greatness thrown upon them
William Shakespeare
