[Intro]

Choose the sword and you will join me
Choose the ball and you join your mother in death
You don't understand my words, but you must choose
So, come boy, choose life or death

[Verse 1: Domo Genesis]

What the f*ck is being humble about? I got the flows
And the shows and the hoes and the clout, so what you
talkin' about?
Bathin' Ape by the bundle, no campin' out
With the camp put death to the trash y'all puttin' out
I remember wearin' them all red Vandals
Had them b*tches ham when I jammed in a Ted
Cambell
Since I was 16 I had dreamed of them red Lambos
Success ain't open for me? I'm pickin' the damn handle
For an example, I'm as hot as a damn mantle
Fire when I spit, shit drip like lit candles
B*tches lying and crying, I hit cancel
Hard on my hoes, I'm only nice on this pancel
Handsome passion with the calligraphy
And this is proolly an H now if it is a G
Free Earl I'm screamin' 'til we get to see
Odd Future motherf*ckin' Wolf Gang history

[Verse 2: Hodgy Beats]

Eat a cock and cum mayonnaise ham sandwich
I do harm (?) relaxin' on a hammock
Flow damage, understood more Spanish
I handle it, contain a rock cow Cambridge
Ever since I got my crew, David and Clancy to manage
it
And cuttin' through these tracks, Domo providin' the
bandages
Wolf Haley torch the flamethrower
Mike G, b*tches askin' him for money like he is the
bank owner
Left Brain extract b*tches mind and give 'em left brain
Soft synths, hard drums, give your bird chest pains
Ask Syd where we at, she tell you where we goin'

To free Earl from the f*ckin' Samoans
If I was a pussy I would be Amanda Knox
Cause I'm homicide prone and I isn't gettin' caught
In a courtroom file ten council lawsuits
I'm f*ckin' a judge so none of the laws fall through
