I got the money in my bag
And the people on my side
With my mood i wanna brag
Something i don't wanna hide

So i can feel it coming in the air tonight
Make your body popping, fuck him who it doesn't like
And don't you dare lie
This feeling can't be denied
That's your moment to shine

We came to dance
So raise your glass
With your hands on her waiste
And your arms round his neck
There's no more wanting back

We came to dance
You know there's no 2nd chance
To make him wanting you
To make her falling for you
So come on, move!

-fellas-
Don't let her stand all alone
-girls-
Don't let him chase another one
Cause you got eachother for tonight
No excuses, you gotta fight

So i can feel it coming in the air tonight
Make your body popping, fuck him who it doesn't like
And don't you dare lie
This feeling can't be denied
That's your moment to shine

We came to dance
So raise your glass
With your hands on her waiste
And your arms round his neck
There's no more wanting back

We came to dance
You know there's no 2nd chance
To make him wanting you
To make her falling for you
So come on, move!

We came to dance
So raise your glass
With your hands on her waist
And your arms round his neck
There's no more wanting back

We came to dance
You know there's no 2nd chance
To make him wanting you
To make her falling for you
So come on, move!
