"Silent Love"

Thank you for your love, Silent Love (2x)
There is no greater love, Silent Love
Thank you for your silent loving(?), baby, really
Oh, I'm so happy here

Tomorrow we will be free when we love our enemy
And pray for those who persecute us
And then love comes never to an end (this whole thing
2x)
Never!

Thank you for your love, Silent Love (2x)
There is no greater love, Silent Love
Thank you for your silent loving (?), baby, really
Oh, I'm so happy here

I now stand alone in the great Silence of God
And I am filled with infinite Love and Peace
I am one with the One Life of the universe
I am an eternal being
I am one with the source of all Love

Thank you!

Thank you for your love, Silent Love
Thank you for your love
Thank you for your love
Thank you for your love, Silent Love
