I can be so strong  
Like a lion on a mission  
I can do no wrong  
I can fight day and night  
That's my decision

Because the world is:  
So bad  
Like diet soda  
So bad  
I'm counting 37 wars  
So bad  
User friendly  
So bad  
We lost the singer of the Doors  
So bad  
The U.F.O. conspiracy  
So bad  
Starvation and depressy  
So bad  
Hiroshima Tomsk Tschernobyl  
So bad  
It's never gonna heal

I can be so good  
Like a Goddess  
Plus I'm modest - I  
I have no fear  
I will go all the way  
I can show you how to pray

Because the world is:  
So bad, so bad, so bad, so bad  
So bad  
Deadly chemo-therapy  
So bad  
The lies about H.I.V.  
So bad  
We've lost our last chance  
So bad  
And we're all dancing Shiva's dance  
So bad

Genetic obsession  
So bad  
Misused atomic energy  
So bad  
Surprise, surprise, the culture industry  
So bad  
Helmut Kohl  
(Bundeskanzler Kohl beantwortet diese Mission)

You can do no wrong  
If you fight on my side  
If you make that decision

Because the world is:  
So bad  
I.R.A. & R.A.F.  
So bad  
Are we really blind and deaf  
So bad  
The yugoslavian rape  
So bad  
And no-one can escape  
So bad  
The Nazi Lunacy  
So bad  
Artificial Extasy  
So bad  
I hate my T.V.  
So bad
