He is asleep and the TV is on (2x)
All night long and he is asleep
He is asleep and the TV is on (2x)
All night long and he is asleep

He gets newsflashes (2x)
Newsflashes

He is asleep and the TV is on (2x)
All night long and he is asleep
Gets information from out of space
They use his TV set to come into his place, his place
To sit right on his face

He gets news flashes (2x)
Newsflashes

He is asleep and his mind is working hard (2x)
So hard, so hard, he's getting so smart
He is asleep and the TV is on (2x)
All night long and he is asleep

He gets newsflashes (2x)
Gets newsflashes

The time has come
Your brothers from outer space
Are coming with advanced knowledge to help the
human race

He gets newsflashes (4x)
Gets newsflashes

We are the chosen ones (c.8x)
He gets...(whispered) newsflashes
