I'm driving in my car
I'm looking for a job
And I'm talking to myself, talking to myself,
Talking to myself, talking to myself
I'm my own radio, my own radio
Miss Universe, Universal Radio
I'm walking down the street
All the people watch me from my head to feet
And I'm talking to myself, talking to myself, talking to
myself
I'm my own radio, my own radio
Miss Universe, Universal Radio
Hey brothers and sisters from the universe
We're drowning in a pot
Universal Radio Radio release your soul
From mental pollution and mental activity
Universal Radio Universal Radio
Into the oversee
I'm in space, I'm looking for the chosen place
And I'm talking to myself, talking to myself
Talking to myself, talking to myself
I'm my own radio, my own radio
Miss Universe, Universal Radio
Miss Universe, Universal Radio
Miss Ekstasy, Universal Radio
Miss Universe, Universal Radio
Oh Solo Mio
